Dear Dr. Wigoda,

It has been a special privilege and a real treat to meet you. On top of your professional credentials, your kind and pleasant nature made it so easy from me to decide to choose you to operate on me.

I am so happy with the results. I wish you the best of luck with your practice. Continue doing what you do. I will always recommend you as a plastic surgeon.

Thank you for everything.

Ariella (breast augmentation)

Dear Dr. Wigoda,

I wanted to take a moment to thank you for all of your patience, understanding and humor. You were so professional and caring…you give the profession a "good name". I appreciate how comfortable you made me as a patient physically and emotionally. I just had to thank you again.

Take care,

S.B. (liposuction/breast augmentation)

Dear Dr. Wigoda,

I want to thank you and your wonderful staff for taking such good care of me. I'm so glad I decided to come to your office, and I will recommend you to anyone considering plastic surgery. It is the calm efficient, friendly, and approachable personalities of you and the people around you that made my decision as to where to have my surgery done very easy.

Nobody can believe how fast I am "back to normal" with such minimal bruising and almost no pain at all. You're the best!

Thank you so very much!!

Alexandra (breast augmentation)

Dear Dr. Wigoda,

Robert and I don't know where to begin to thank you for everything you have done for us. The past month and a half since we found out that I had cancer have been a little scary. That is especially since Bob and I each had been through surgery already in the previous months. The thought of cancer and a mastectomy are frightening enough.

We are so grateful to you and your staff who were so kind to us. I am so thrilled with the wonderful results of the reconstructive surgery that you did. I had no idea that the results of the surgery would be so good and that I would look so normal.

I cannot tell you how grateful I will always be to you. You made what I thought was the end of the world, just the beginning of my new life. We appreciate you and your kindness so much.

Thank you,

N.S. (breast reconstruction)

Dear Dr. Wigoda,

I wanted to tell you how much I appreciate the work you did. I am very happy with the results. I couldn't have asked for a better surgeon and I think you have a very bright and rewarding future to look forward to. Thanks again!

S.H. (breast augmentation)

Dear Dr. Wigoda,

I wanted to take this opportunity to express my thanks. The consultation I had with you was very relaxed, yet professional. You covered new territory with me and reiterated information that I had already read. Regardless of how ridiculous I thought my questions were, you fielded them all very seriously.

After only one week from the surgery, I was ecstatic about the results of the breast augmentation. Now after three weeks of admiring my new breasts, I have actually taken the time to look at the effect of the liposuction. My "love handles" ARE really smaller and smoother looking. Its awesome!

I cannot thank you enough for what you have given me.

Sincerely,

S.B. (breast augmentation/liposuction)

- Reconstructive Surgery

Dear Dr. Wigoda,

Having experienced our first trauma as parents, we wanted to let you know how much your gentle and reassuring manner made the entire ordeal seem bearable. As you can see from the enclosed picture, our scheme to protect the bandage with a medical glove as a success. Owen had a great time building sandcastles and splashing surf, making it possible for us to actually enjoy some of our vacation!

We have been able to remove most of the skin from the blisters using gentle massage. The new skin underneath looks wonderful. As you predicted, I believe Owen will be back to normal before we realize it.

We appreciate the wonderful care we received from you. We wish you success in the future of your practice.

Sincerely,

Bonnie, Dave, and Owen

Dear Dr. Wigoda,

I want to thank you for the cosmetic surgery you performed on my face on June 18, 2002. You are an outstanding plastic surgeon and incredible artist. My experience with you, your staff and the hospital was First Class! From my first consultation, through the operation and follow up office visits you took the time to answer all my questions and reassure me. Your gentle, calm and reassuring manner made me feel confident and at ease every step of the way.

The responses from people that have seen your work on me have been, "incredible", "unbelievably natural", and "outstanding job".

Although I know you have worked extremely hard to develop all of your skills and abilities, I also believe that God has truly blessed you with an innate gift of artistry in your chosen profession. I would not hesitate to recommend anyone to you. You are a gifted "World Class Plastic Surgeon"!

Thank you once again for all that you, your staff and the hospital have done to make this experience a pleasant one.

Most Sincerely,

Paul H. (complete facelift)

Dear Dr. Wigoda,

When I made my phone call to your office for the first time and your receptionist answered and was just as sweet as she could be, I knew you would be also. Its that first phone call that will do it. I am very happy with you, Dr. Wigoda, and your work. I found it very amusing when you said "I don't want to break your bank". I work a second job just so that I can stay a pretty woman with your magic. Thank you so much.

N.L. (Botox and Collagen)

Dear Dr. Wigoda,

I cannot tell you how thrilled I am with my Botox. To be honest, as a professional myself, and a picky artist on top of it, I have always been leery about having someone else than me working on me! You did a great job and I am so happy to know that I can refer my clientele without any fear. And on top of it, I think you are an awesome guy.

Best of luck in your practice, you deserve it…

Sincerely,

H.F., M.D. (Botox)
