

## Surgery Center

Fully Accredited Surgery Center by the American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF)

Dr Wigoda's dedication to your comfort and care is evident as you enter our fully accredited facility. There is meticulous attention to detail to optimize your relaxation and privacy in our reception area, consultation rooms, and operating suite. Dr. Wigoda designed our Surgery Center specifically around you and your Plastic Surgical experience.

The Aesthetics Institute has been inspected and accredited by the American Association for the Accreditation of Ambulatory Surgery Facilities (AAAASF).

The Aesthetics Institute AAAASF Certificate of Accreditation provides evidence that our facility meets high standards for patient safety in the outpatient surgical environment. AAAASF accreditation has been recognized as the "gold standard." AAAASF certification has been a model of excellence in surgical care and has been cited repeatedly as the model program for others to follow.

All facilities accredited by the American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF) are designed and built to provide the best possible location for surgery and patient care.

A Certificate of Accreditation provides evidence that the facility meets high standards for patient safety in the outpatient surgical environment. AAAASF accredited surgery facilities are rigorously inspected and evaluated. A set of exacting standards must be met which assure the patient of a commitment to safety and the efficiency of the facility and equipment.

Dr. Wigoda will perform your surgery assisted by his well trained certified staff. Our team are specialists in helping everything run smoothly before, during, and after surgery. Dr. Wigoda uses state-of-the-art instrumentation, equipment, and monitoring devices. We are committed to AAAASF high standards to make our ambulatory surgical center a special place for your surgery.
