

Anesthesiologists

Meet our Anesthesiologists

At the Aesthetics Institute, only the most highly trained anesthesiologist provide anesthesia. Each physician is board certified and highly experienced in administering anesthesia both in plastic surgery cases and more complicated cases. Our anesthesiologists are part of the group that exclusively provides anesthesia services for Holy Cross Hospital, one of the top hospitals in Florida. Your anesthesiologist will meet you before your surgery to interview you and answer any of your questions. The anesthesiologist is present throughout your procedure and remains at your side until you are in the recovery room, awake, and stable.
