Why choose the aesthetics institute over other plastic surgery centers?

- All procedures performed by Dr. Wigoda, board certified in plastic surgery
- All anesthesia performed by board certified anesthesiologists (not nurses)
- Dr. Wigoda is the sole owner of the Aesthetics Institute
- Surgery performed in accredited surgery center
- Dr Wigoda will spend the necessary time with you both before and after the surgery
- Dr Wigoda has never been sued after 9 years in practice
- Dr Wigoda has hundreds of very happy patients (see testimonials)

What do you get at some other surgery centers?

- Surgeons work for a business owner and get a very small percentage of your fee
- Surgeon's incentive is to do as many cases as quickly as possible since he/she is making so little on your case
- There is no incentive to take extra time on your case to make sure the result is as good as possible

- There is no incentive to see you after the surgery or to take care of any problems you may have...they don't get paid for that

- Many of these centers and physicians have countless lawsuits against them and hundreds of unhappy patients

- Some of these centers hire doctors that are either not board certified in plastic surgery or not even trained as plastic surgeons (their training is in a completely different specialty)

- A cosmetic surgeon and plastic surgeon are NOT the same thing. Any physician can claim to be a "cosmetic surgeon". There is no legitimate board in cosmetic surgery.

Dr. Wigoda has seen countless numbers of patients after they had procedures done at these centers, wishing to have their deformities corrected. This means more surgery, more expense, more time off work, more pain and discomfort, and the final result may never be as good as if they had it done correctly the first time.

Make sure you ask the right questions and do your research when choosing your plastic surgeon!

Dr.
Wigoda's practice serves patients from
Florida, the Caribbean, South America, and
Europe, in addition to Miami, Fort Lauderdale and Boca Raton.
